

Analysis on Crimes against women in India 2001-2014

For Each Year the Dataset includes Name of the **State, District, Year, and Categories** of the crime (Rape, Kidnapping and abduction, Dowry Deaths, Assault on women with intent to outrage her modesty, Insult to modesty of Women, Cruelty by Husband or his Relatives, Importation of Girls). After the analysis, crime rate against women increased from year to year, and cruelty by husband or relatives is the most common crime. And further facts are shown below.

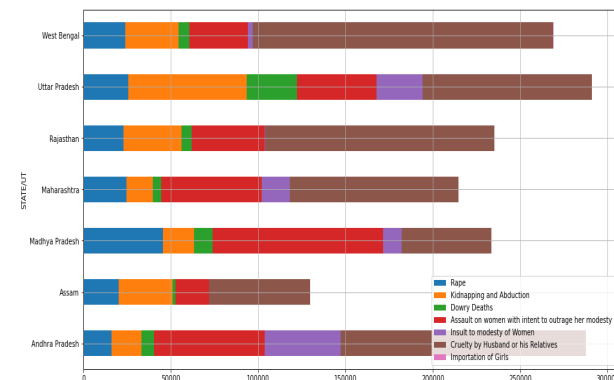

The crimes have been increasing rapidly from year to year. The cruelty by Husband or his relatives was higher and was increasing more than another crime, and the crimes Rape, assault on women with intent to outrage her modesty, kidnapping and abduction has increased a lot within the years 2012-2014. The dowry deaths and insult to modesty of women crimes has been neutral, whereas the importation of girls' crime was less.

After analyzing state wise crimes, it is seen that **UNION TERRITORIES** have the least crime rate compared to remaining states, and **UP, AP, WB** are in the top 3 in crimes against women.

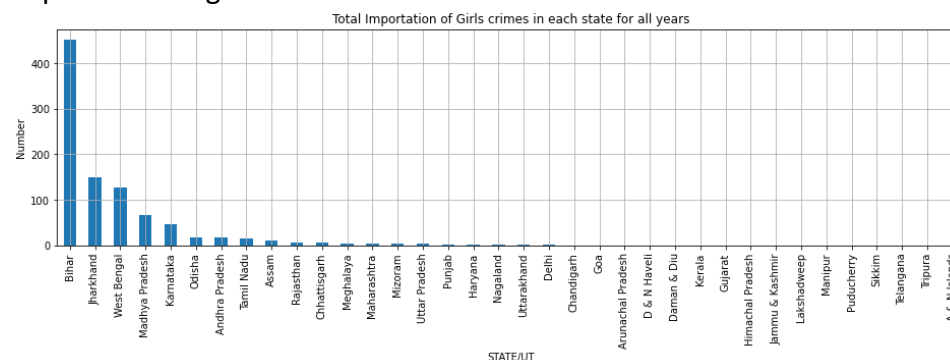

The top three states **UP, AP, WB** are most common for crimes against married women by their husband or his relatives for various reasons, and

this data clearly shows that in these three states, the crime rate is more related to married women.

And Bihar, Jharkhand, West Bengal, Madhya Pradesh has the most crimes in importation of girls.
